

# Food Parcels.

We are pleased to tell you that we will be able to offer food parcels to those families who are receiving free school meals. These will be available if the family are self-isolating due to COVID symptoms or if the child's class bubble has to close due to a positive COVID case.

What do families need to do?

1. Tell us that you will need a food parcel by completing the questionnaire sent out.
2. Arrange for someone to collect the food parcel on your behalf, if you are self isolating. If your child's bubble has closed come and collect the food parcel.
3. All food parcels will be available to collect from the Junior Building between 9 and 9:30 the day after we have closed a bubble OR we have heard from a family that they require a food parcel.
4. Talk to us if you need help to collect your food parcel.

What will we receive?
