

Resilience

Can you write the numbers up to 10 and find the amount of objects that matches the numeral.

Compassion

Can you write a set of instructions to make a cup of tea for a member of your family that you would like to say thanks to.

KESTREL MEAD
PRIMARY ACADEMY

Homework Heroes

At Kestrel Mead we value our character behaviours and would love to see you promote these at home!

We look forward to seeing what you have done on

Monday 15th April via Tapestry

Children can share their homework on Tapestry and this will be celebrated in class by their Teacher.

Shared Reading Books & Topics

WB: 4.3.2024 - Goldilocks and the Three Bears

WB: 8.4.2024 – Oliver's Vegetables

Every 2-3 weeks we will focus our Shared Reading and Writing sessions on a new book. To support your child, you can talk to them about their current book/topic and ask them questions about what they've been learning at school.

The children will also learn 5 sight words linked to this book which you can practise at home.

Curiosity

During our sticky curriculum, we have covered polar animals, ocean animals, rainforest animals and savannah animals. Can you draw a picture of an animal that lives in these regions?

Respect

Can you help your parents by making a list of the things you will need to pack for our school trip to the farm.

How can I support my child's learning in English and Maths?

Weekly Sight Words: These are taught throughout the week during shared and guided reading sessions. You will receive new high frequency words reading ladders with each new text. 😊

Daily reading: Reading for Pleasure has the biggest impact on reading attainment! Please sign your child's bingo sheet to show you have enjoyed reading with them. Daily reading will be rewarded with dojos and different rewards over the year!

Maths: we will keep you up to date with the numbers and skills we are learning in school. You can support this at home by doing lots of counting and recognising numerals. Also look on our school dojo/twitter pages for some fun activities to do to improve your maths.
