

Resilience

Can you build a tall structure using natural materials i.e. plants, sticks, pebbles etc. How can you make your structure stronger? Take a photo of your creation.

Compassion

During the Stone Age there was a big emphasis on community and working together to survive. How can we work together as a community to make lives better for all? You could record (video) your ideas, make a poster or draw pictures of the different ways we can make a difference within our community.

KESTREL MEAD
PRIMARY ACADEMY

Homework Heroes

At Kestrel Mead we value our character behaviours and would love to see you promote these at home!

We look forward to seeing what you have done on

Monday 9th October. Children will share their homework with their class and it will be celebrated by their teacher.

You can present this in any way you like and needs to be posted on Class Dojo so that it can be shared with the class.

Big Question:

How has the Stone Age influenced our lives today?

Little Question:

How have people and resources changed over time?

What were the first shelters like?

How did shelters change over time?

How did they get the things they need to survive?

Curiosity

Research foods that were available during the Stone Age. Design a menu based on the diet of 'Early Man'.

Respect

Make comparisons between how Stone Age people lived and how we live today? How have things changed? What are you grateful for? You could present your ideas by creating a poster, record yourself sharing ideas or creating a fact file.

How can I support my child's learning in English and Maths?

Weekly Spellings

These are taught on a **Monday** and tested on a **Friday**. A complete list of your child's spellings can be found on Class Dojo. Weekly spelling practise can be done using the Spelling Shed website.

Daily reading: Reading for Pleasure has the biggest impact on reading attainment! Please encourage your child to read their school reading book each day. Daily reading will be rewarded with dojos and different rewards over the year!

Maths: Times Tables Rockstars – keep practising at home and see if you can move up the school leader board. Will you be one of our school rockstars?

Also look on our school website for some fun activities to do to improve your Maths.
